The fire showed moderate growth today due to isolated shower near the area. Dozers worked at the head of the fire working west to east. A cabin on the northwest corner is plumbed and protected. Tanana Chiefs Crew worked on the mid west flank and worked south creating 300 feet of saw line and have secured the edge 300 feet while White Mountain Crew created half mile saw line to the north along the west flank. Plans for next operational period include transitioning to the Alaska Type 2 Team and have inserted crews continue to work direct and complete saw line.

On 7/15 the Chena IHC and UAF crews were shuttled into the fire to begin securing the left flank of the fire. AA, Fire Bosses and Tanker 55 and Tanker 52 worked the fire the majority of the day. At 14:09 AA advised that the fire size had increased to 700 acres with active fire behavior and continued threat to structures at the head of the fire. The fire spotted across McCoy Creek with an additional 40 acres. Structures to the left flank were prepped with retardant lines. The fire area continued to be influenced by the winds and the fire was backing and spotting. With a wind shift the fire pushed to the south east away from the structures. At 18:21 AA updated the fire acres to be 1500. On 7/16 2 Type 2 crews Fort Yukon #1 and Fort Yukon #2 will be shuttled into the fire to assist operations.

Duty officer, along with AFMO, and operations foreman responded to an abandoned pallet campfire around 2330. The unattended fire did not have an adequate fuel break and was spreading into the surrounding vegetation, the wildland, as well as building materials. The squad of three, suppressed of the .1 of an acre escapment, as well as the abandoned bonfire, and declared it out.
