#541 Owner: State Unit: AKAKS-Alaska-Other
Name: **McHugh** Cause: Human

On 7/16 at 2330 Anchorage Fire Department reported to Mat-Su Duty Officer a fire in a drainage. Duty Officer notified engine M-62. AFD and M-62 tied in at 0012 at the McHugh Creek Day Use Area Parking Lot. AFD departed the scene at 0039. After an hour long hike, M-62 reported the fire to be 3-5 acres, burning in the bottom of the drainage, creeping up the right flank, actively burning in beetle kill and continuous spruce. EFF short squad was requested to respond first thing in the morning. A/A OAK, 621SH (CWN assigned to Mat-Su), and 212TH (KKS' helicopter) were requested for 1000. A/A reported the fire at roughly 25 acres and requested T-52 to respond. IC requested one T1 Crew and 1 T2IA Crew. Firebosses were requested, and were unable to pass over the Alaska Range due to IFR conditions. T-55 responded from Fairbanks. In the afternoon OPE relieved OAK as A/A over the fire, the two aircraft taking turns on relief. Additional helicopters supporting the fire were H-15S, H-12NP, and H-675. Crews were mobilized to Mat-Su area in fixed wing aircraft and delivered to the fire via ground transportation: R-10 T2IA crew mobilized from TOK area, Chena IHC from Fairbanks, and Pioneer Peak IHC from Mountain Village. One load of jumpers were delivered by J-07 to Campbell Tracks, also transported via ground. Initially tankers were limited to dropping water, but after discussions with land managers as well as park representatives that decision was updated to the utilization of retardant as well. Two loads of retardant came out of Fairbanks and 16 out of Palmer Tanker Base. Later in the evening the IC reported that personnel made good progress on the left flank, were working on the right, retardant lines were holding and that tomorrow's plan will be to have line around the fire by end of shift. The fire's acreage was updated to 40 acres.

The fire was flown by 646AT who reported it to be rank 2, 30% active, 1'-4' flames with individual tree torching in the black spruce. Fire personnel continued with improvement around the cabin as well as worked on a helispot. Personnel performed burn operations in the afternoon and evening with plans to mop up and finish securing the area around the cabin. Tentative demobilization is set for the evening of 7/18 or morning 7/19.

The fire is being managed by the Alaska Type 2 Black Short Team. Firefighters continued to take advantage of cool cloudy weather. In Division A, White Mountain and Mat-Su worked securing the perimeter south of 7-Mile Trail. Upper Tanana #2 improved containment depth on the western flank. Tanana Chiefs worked the eastern flank south from the dozerline in Division G. The R-10 Crew was reassigned to the McHugh Creek Fire, and an order has been placed to fill behind them. Some overhead have been reassigned to other fires.

A Yukon squad continued setting up point protection today on a cabin near the fire, finishing an LZ, clearing vegetation, and plumbing sprinklers to the cabin. 909AK flew the fire this afternoon and reported it to be 1000 acres, with rank 2 & 3 fire behavior including intermittent, single and group torching and flame lengths of 6-10'. There are water features and an old burn scar between the cabin and the fire. Strong west winds of 15-20mph made a strong run to the east and south this afternoon. Plans for tomorrow are to continue vegetation clearing around the buildings.
