 # 541 Owner: State Unit: AKAKS-Alaska-Other
 Name: **McHugh** Cause: Human

At 1100 A/A reported the fire to be 500-600 acres, operations had pulled all crews off the line overnight and placed them in Rainbow Valley Subdivision and Potter's Marsh for structure protection and assessment. Activity was mostly rank 3-4, 100% active and holding in the valley. The winds picked up and the fire ran up the drainage with significant acreage increase, this evening. The fire behavior included running, intermittent torching, backing, and smoldering. The fire began backing down slope and was threatening the Seward Highway. Some spotting up to 1/2 mile was observed, with spotting occurring across the highway to the railroad tracks. Air attack discovered a spot fire on the right flank that was potentially threatening the Rainbow Subdivision. McHugh Creek trail has been compromised due to the fire burning over it and hazard trees blocking it. Approximately 22 residences are threatened with additional residences threatened if the fire continues to grow. A major powerline is threatened near Potter Marsh. The fire will transition to a Type II team tomorrow, the in brief took place this evening in Anchorage. Fire personnel will continue to contain the fire with bucket drops, prepare structures in threatened neighborhoods, and revise contingency plans as needed.

VIIRS imagery shows the fire to have covered more than 800 acres.

Alaska Type 2 (Black) IMT transitioned to a Type 3 Incident Management Organization at 1100 7/19. Crews made good progress mopping up the west flank, and fair progress securing the east flank, which remains active, creeping and smoldering with isolated single tree torching. Tanana Chiefs Crew was reassigned to a higher priority incident. Time estimates to meet containment objectives have increased due to the loss of a crew, and an additional crew and overhead have been ordered. Skies cleared and drying continued with northwest winds 7-12mph. No precipitation was received. The fire is 56% contained.

The fire has received several inches of rain in the past 72 hours. Emergency evacuation contingency plans were established for the possibility of the Salcha River upheaval. In the next operational period, crews will continue to secure the head, south flank, and reinforce the north flank along the Salcha River and near structures. Also, establish additional helispots and medical evacuation sites. General supply transportation by helicopter and boat from the ICP to the fireline will continue to occur. Excess personnel will be demobilized.

Two smokejumpers were shuttled to allotment 92C, which was half burned. Once they got on the ground they walked around the allotment and reported 14.3 acres was unburned and began mop up operations. The other two smokejumpers finished up securing the fire around the cabin that is surrounded by black and joined back up with the other jumpers. Forward progression on the fire has stopped due to precipitation. There are multiple interior and perimeter hot spots that continue to creep and smolder.

The fire was flown by H-7NS, active fire behavior observed on both flanks contributed to significant acreage gain. The fire has moved out of the old Chakina burn scar and is burning in green timber on the hillsides to the west. Firebosses took action on the northern flank to hold it south of the Chitina River. The public meeting held in McCarthy was well attended by local residents.

At 1320 the fire was flown by zone surveillance aircraft N114MN. The fire was 40% active, smoldering, creeping, backing and torching in isolated pockets of spruce and tundra. Areas of active fire behavior existed both along the perimeter and within the interior. Isolated torching along the northern perimeter. The fire had received rain.

Fire was flown today; a 10% active perimeter, smoldering in white spruce. A 3 acre spot on the island in section 36 was discovered with no visible smokes. There is no immediate threat to allotments in the area and it has not crossed the river. Updated acreage is due to new perimeter data. Fire remains in monitor status.
