Name: **McHugh** Cause: Human

A persistent, steady rain fell across the fire area the entire day. Southeast winds remained generally light, gusting to 25 mph. Division A and C continued to reinforce existing line. Lower-48 crews completed their final shift on the fire. The Structure Group has finalized the Structure Protection Plan. The Seward Highway and Alaska Railroad tracks continued to be monitored for debris and rollout. In order to limit firefighter exposure in steep, inaccessible areas a Confinement Strategy has been chosen for portions of the fire that are confined by scree slopes and rock outcrops with little or no burnable vegetation. Tomorrow crews in Divisions A and C will utilize IR map to identify and mop-up hot spots close to containment lines. Structure Group will work with Mat-Su Area and the State Park to assess suppression repair needs.
