Military zone personnel constructed approximately 25 miles blackline around Oklahoma Impact Area. Fuels burned readily where snow and water were absent. Fuels were receptive to PSD operations with N911CV. No holding problems were present. Rain showers covered the area by evening. N700FW was on scene with the Burn Boss providing aerial observation during the entire operation. Most smoke drifted southerly towards the Alaska Range and away from populated areas. N700FW will do a recon flight to evaluate tomorrow.
