Military zone personnel used PSD operations with N911CV to reinforce 25 miles of blackline on the perimeter of Oklahoma Impact Area. Blackline is complete with a depth of 50ft -1 mile in all areas. Fire burned actively when RH's were below 50%. Low to moderate rates of spread were observed. No control issues were present. NNE winds all day drove smoke in the Southerly direction towards the Alaska Range and away from populated areas. N700FW was on scene with the Burn Boss providing aerial observation during the entire operation. 6000 additional acres have been treated. A recon flight with N700FW will take place tomorrow to evaluate.
