 Name: **Deadmans Slough** Cause: Lightning

Around 1930, a concerned citizen in Anvik reported a fire burning 2-3 miles SW of Anvik. N864SF flew the fire and reported the it to be active at approximately 30 acres in size and burning in mixed fuels. Winds were blowing out of the west and pushing the fire away from town. Two Fire Bosses (SEATs), air attack, and smoke jumpers responded to the fire. The Fire Bosses dropped several loads of water on the north edge of the fire to prevent the fire from spreading towards Anvik. Jump-66 deployed 8 jumpers on the fire and they will be staffing the fire tonight.

 Name: **Bell Creek** Cause: Lightning

The fire was reported by concerned residents of Crooked Creek after a thunderstorm rolled through the area. Jump-17 and A-4 responded with T-55 and T-42. A-4 reported the fire to be 40 acres, creeping and running in black spruce with continuous fuels, one to two miles from the village. Personnel worked to suppress the fire, dropping retardant as well as eight jumpers. Plans are to continue to work around the fire late into the evening and pick back up in the morning. The Yukon crew and Pioneer Peak are expected to arrive on the fire during the next shift to help with suppression.

The fire was reported at 1911 by 909AK as a 10 to 15 acre fire, crowning and torching in mostly black spruce. The fire was 100 percent active, with continuous fuels. No structures were immediately threatened, and no action was taken. The fire was later over flown by helicopter 212TH on its way to McGrath, and they reported that the fire had grown to 300 acres and was 70 percent active. There were still no structures threatened, and the fire was placed in monitor status.

Daily Report From: 06/04

 # 157 Owner: State Unit: AKAKS-Alaska-Other  
 Name: **Brown Creek** Cause: Lightning

The fire was reported by helicopter 212HL while working the Spruce Creek fire. Due to higher priorities, they were unable to give us an accurate size up. Air Attack 4NC flew the fire and sized it up as 15 acres, rank 1, with no values immediately threatened. Due to higher priorities, no action was immediately taken on this fire. A-4 flew the fire later in the evening, and due to resources becoming available, T-55 and T-42 were launched from McGrath and each dropped one load of retardant. A-4 sized the fire up one last time before departing as 25 acres, 30 percent active and burning in black spruce and tundra. No structures are threatened, and the fire will be reevaluated again tomorrow.
