At approximately 2220, Alaska State Troopers called with a report of an escaped dump fire near Stebbins. Air Attack 4NC was in the area and confirmed the fire was outside of the confines of the dump. J-17 was rerouted from fire #234 to respond as this took higher priority due to its proximity to the village of Stebbins. At 2330, 8 smokejumpers were dropped on the fire. The fire is determined to be human caused."

The fire was updated to 6 acres with approximately .5 acre burning within the dump. The IC does not believe full control will be achieved due to the hazmat fuels involved. Jumpers will not enter the dump itself but will use a confine strategy.

Two crews have arrived and one was shuttled to the fire before the end of shift. Two more crews will be shuttled in 6/17. Work will continue tomorrow to reinforce the line on the west and south sides of the fire.
