A report came in from a logging camp on Zarembo Island of a fire burning camp structures and possibly getting into wildland. An aircraft with FS resources on board flew to the scene. All building were lost at the logging camp and the employees were evacuated. Logging company was able to contain the fire within a gravel area using their own heavy equipment. Cause under investigation.

Daily Report From: 08/21

396	Name: MOSER			Cause: Human

Fire on 8/20 @ 1555: State Troopers called AICC with the report from a citizen about a fire in Moser Bay area NW of Ketchikan. Structures threatened. When FS fire resources arrived on scene they found what appeared to be some type of dock that had burned and KQRS was on scene and had that part of the fire knocked down. Fire had escaped into the wildland and FS resources began to work the fire. Fire size estimated at 2 acres burning in large old growth trees, brush and duff. IC advised will need additional resources to work the fire and fallers to take care of the large trees. On 8/21 A suppression module from the Chugach is enroute, with additional local resources arriving on the fire

These fires are currently in monitor status. Monitoring schedules are based on defined timeframes, but are dependent on available resources, and weather conditions. When monitoring occurs, information will be updated.
