	Owner: Private	Unit: AKPRI-Private		
031	Name: South Boundary			Cause: Human

AST notified dispatcher on call that local FD was requesting DOF respond to an unattended debris burn. On arrival personnel found a 20`x20` slash pile 60% active and creeping into the grass along the south edge. Landowner was not present. Personnel attempted to contact landowner and suppressed the pile. On the final grid no smokes were found. There was some residual heat in the gravel area. Fire was called contained and controlled and placed in monitor status.

These fires are currently in monitor status. Monitoring schedules are based on defined timeframes, but are dependent on available resources, and weather conditions. When monitoring occurs, information will be updated.

Daily Report From: 04/14

0.0 Acreage Change Since 04/13

 Owner: **Private** Unit: **AKPRI-Private**
030 Name: **Harding** Cause: **Human**

The fire was reported by Matcom as a fire in the woods near the same area as a controlled burn. One forestry engine, prevention, and multiple fire department units responded. Upon arrival, it was confirmed that the controlled burn had escaped and was burning into the hardwoods. The fire was sized up as eight to ten acres, burning in a grass field and creeping into the hardwoods. Due to the fuels in the area, fire personnel were on scene throughout the evening dealing with a labor-intensive mop-up, and after walking the perimeter it was mapped at 34 acres. The fire was completely knocked down, called contained at 2200, and placed into monitor status.

4/14/19 The fire was gridded today, all heat that was located was extinguished. The fire will remain on monitor status and checked again tomorrow.
