Crews continued to hold sections of line where firing operations were previously conducted. Options for firing operations on the east side of the fire which would connect past firing operations into the Delta River were assessed. On the west side of the fire which would connect firing operations into the Delta Creek were assessed. On the west side of the fire in vicinity of military observation sites area, crews prepared sites for point protection with pumps, porta tanks, and sprinkler systems. And assessed options for safe firing operations in that area. UXO concerns outside of identified military impact areas have continued to limit current operations to established road and trail networks. DOD Team arrived today and is available to mitigate any UXOs. IMT2 NW Team 11 assumed command at 0700 5/21/19.
