The fire was reported on 6/6, after hours by a state trooper, as a human caused fire roughly 10 miles out of Toksook. J-12 was launched from McGrath on 6/7, and upon arrival they sized the fire up as 4 acres, in the tundra, with no fire activity observed. Due to the location of the fire, and the predicted weather for the next couple days, two jumpers were deployed to do a quick grid on the fire and to suppress any heat that may be found. The fire was called controlled at 1545, and declared out at 2000. All personnel were demobed off of the fire.
