**PNMBS4** Owner: **State** Unit: **AKAKS-Alaska-Other**  
**319** Name: **Shovel Creek** Cause: **Lightning**

On the north flank of the fire crews continued with direct attack to contain the fire. On the east flank, indirect firing operations were conducted with support from fire bosses. This operation is currently ongoing at the time of this report. Firing operations were necessary to contain the fire within the Shovel Creek drainage and keep the fire as small as possible. Dozers and crews began preparing an alternate containment line further to the east in the Murphy Creek drainage in the event that current fire suppression operations are unable to prevent the fire from spreading out of the Shovel Creek drainage.

Point Protection preparations continued on the north side of the Chatanika River. Additionally point protection preparations were completed in one of the residential subdivisions south and east of the fire. This work continues in the remaining four subdivisions located in this area.

The Hooper Bay Power Squad worked to extinguish all heat 50 - 100 feet in from the perimeter. The fire is burning very deep in the duff which is slowing down progress. Rural Deltana Fire Department Tender-171 and Tender-172 supported the incident with water. Several hotspots were found in partial burns and fully extinguished. Personnel will continue to mop and grid the fire during the next operational period.

These fires are currently in monitor status. Monitoring schedules are based on defined timeframes, but are dependent on available resources, and weather conditions. When monitoring occurs, information will be updated.

Helicopter 66HJ with firefighters travelled to an allotment 2 miles west of the fire and assessed structure protection needs and cut out lines necessary for allotment protection. All resources left the fire by 1600. The fire was burning in isolated areas around the perimeter. Previous rain slowed the progression of the fire, but hot and dry weather has allowed it to become active again.
