PNMC6E Owner: **City** Unit: **AKAKS-Anchorage, Municipality of**
423 Name: **M.L.K** Cause: **Human**

Smoke was reported in the early morning hours to Anchorage FD, who responded with 2 engines who found the interior torching and ember showers pushing the line. Hose was deployed to interior hotspots and fire activity was moderated. During the operational period, DOF resources worked along AFD resources on the line to continue to secure the edge of the fire, utilizing hose line from previous shifts. Saw teams from Gannett Glacier and AFD worked to remove snags along the line. Numerous trees are falling within the fire area due to weakened root systems. The Anchorage Police Department Technical Support Unit utilized an IR drone in fire support.

Crews will be implementing structure protection actions in and around allotments north of the fire and Northway. Evaluations for infrastructure, primary residences and other structures will be on going in the AK Hwy 2 corridor. Weather projections indicate a rise of temperatures well into the 80s with intermittent thunderstorms moving into the area. Going into the weekend, relative humidity is expected to decrease below 30% and wind speeds will rise creating favorable conditions for increased fire activity and spread.

319 Name: **Shovel Creek** Cause: **Lightning**

Weather conditions again today limited fire spread. Extensive cloud cover, higher relative humidity and lower temperatures kept fire behavior minimal over the fire. Today crews and dozers continued working section of indirect line north of McCloud subdivision to Murphy Creek and Chatanika River. Structure protection groups have finalized point protection actions in residential areas where values at risk are currently threatened. A firing plan has been developed from the secure edge at Murphy Dome along the fuel break and McCloud subdivision to the Chatanika River to reduce the fires ability to spread to the south and east. The IMT plans to start implementing ignitions tomorrow, as conditions allow.

Existing containment lines held throughout the operational shift. Fire behavior continues to be active as anticipated due to hot and dry conditions. Fire progression and spread to the north and east was assessed and long term strategic objectives have been developed in the event eastwardly progression continues to accelerate. Crews continue to mop-up, securing the edge of the established line, north of the Homer Electric transmission line. Crews along the East Fork Moose River continue mopping-up and increasing perimeter security in the remainder of the area. Remote sites to the north and northwest have fire fighting personnel and strengthened structure protection in place. Resources continue to support initial attack efforts as requested by local unit. Night shift is patrolling the Sterling Highway and monitoring smoke conditions. Alaska State troopers are monitoring and delaying traffic due to heavy smoke on Sterling Highway. The following campgrounds are open to the public: Hidden Lake CG, Upper Skilak CG, Lower Ohmer CG, and Lower Skilak CG.
