Ignitions went well with excellent consumption in black spruce. As conditions allow, ignitions will continue for the following operational period. In other areas of the fire, resources will continue working sections of line securing fire perimeter along the east and north along the Chatanika River corridor.

Heavy aviation efforts continue to hold the fire in division L in place. Fire behavior continues to be active as anticipated due to hot and dry conditions. Fire progression and spread to the north and east was assessed and long term strategic objectives have been developed in the event eastwardly progression continues to accelerate. Crews continue to mop-up, securing the edge of the established line, north of the Homer Electric transmission line. Crews along the East Fork Moose River continue mopping-up and increasing perimeter security in the remainder of the area. Remote sites to the north and northwest have fire fighting personnel and strengthened structure protection in place. Resources continue to support initial attack efforts as requested by local unit. Night shift is patrolling the Sterling Highway and monitoring smoke conditions. Increased fire activity in Division P and L have caused greater smoke impacts to the Sterling Highway. Alaska State Troopers are monitoring and delaying traffic due to heavy smoke on Sterling Highway. The following campgrounds are open to the public: Hidden Lake CG, Upper Skilak CG, Lower Ohmer CG, and Lower Skilak CG.
