The Fire was reported by a private caller into Mat-Su Dispatch. Serval callers reported a brush fire on the ridge line across from King Mountain in the Chickaloon area. Two Forestry engines and 117AM responded. On location fire personnel located a .6 acre fire burning along the tree line adjacent to the powerline. 117AM utilized the bucket for one fuel cycle and the personnel on ground were able to knock down the fire. The fire is in monitor status and will be checked tomorrow.

Today the fire displayed extreme fire behavior with wind driven runs to the west. Rapid fire growth in the proximity of homes and values prompted evacuations and road closers. Fire personnel worked with Trooper, VFDs, Aerial resources and fire crews to get everyone safely out of the evacuation areas. T-42 made several drops on the head of the fire in efforts to slow the growth.

PNL92Q Owner: **USFWS** Unit: **AKKNR-Kenai National Wildlife Refuge**
181 Name: **Swan Lake** Cause: **Lightning**

Swan Lake fire witnessed extreme fire behavior during today's operational shift. High winds from the frontal passage caused the fire to move south of the Sterling Highway in multiple locations. The southwestern side of the fire near Watson Lake moved over the Sterling Highway and became established with continued movement towards Skilak Lake. The southeastern corner of the fire moved over the Sterling Highway and became established near Skilak Lake Road. Continued movement to the east in the Mystery Creek and Thurmond drainages. The Sterling Highway was closed due to fire activity and poor visibility. The communities of Cooper Landing and Sterling were placed in a level 1 Ready mode for evacuations. Additional closures were activated for areas threatened by fire. Planned actions for the next operational period include assessing containment strategies south of the Sterling Highway to limit fire spread west toward Sterling and east toward Cooper Landing. Implement structure protection to the cabins along Resurrection Trail. Additionally, maintain control of the Sterling Highway to reduce risk to public safety. A Type 1 management team has been ordered along with additional resources.

These fires are currently in monitor status. Monitoring schedules are based on defined timeframes, but are dependent on available resources, and weather conditions. When monitoring occurs, information will be updated.
