Fire behavior remained low across the fire during today's operational shift. Helicopter operations were limited due to visibility and weather factors. Repair of control lines continues to make good progress. Tomorrow's actions include continuation of monitoring the fire and line repair. If weather permits a BAER team and helitack will be inserted into H-106 area.

These fires are currently in monitor status. Monitoring schedules are based on defined timeframes, but are dependent on available resources, and weather conditions. When monitoring occurs, information will be updated.
