This fire has burned into and consumed 205.

Warm and dry conditions with NE winds contributed to fire growth of the McDonald and Clear Fires, though the Meridian was only observed smoldering. Hotshot crews continued to secure fire line adjacent to cabins and made improvements where needed. Firefighters finished point protection on a group of military assets near the Clear fire and were moved to another location in Clear Creek to do more of the same. A module and engines patrolled communities along the Richardson Highway.

This fire has been consumed by 204.

Warm and dry conditions with NE winds contributed to fire growth of the McDonald and Clear Fires, though the Meridian was only observed smoldering. Hotshot crews continued to secure fire line adjacent to cabins and made improvements where needed.
