The fire perimeter acres were updated by GIS. Helicopter-169 flew the fire today to check on it and found some spotting on the fire due to strong winds. The perimeter of the fire is still 100% active but there are no current threats. Forestry personnel will continue to watch the fire for any significant movement.

These fires are currently in monitor status. Monitoring schedules are based on defined timeframes, but are dependent on available resources, and weather conditions. When monitoring occurs, information will be updated.
