The fire exhibited extreme fire behavior with running, torching, and multiple spot fires during hot and dry weather conditions. A large 17-acre spot fire was discovered. A load of smokejumpers, additional water handling supplies, and aerial resources were requested and delivered to the fire. Four single engine water scoopers made good progress checking the fire progression. Firefighters continue to cut saw-line and install hose-lays around the 17-acre spot fire. The Mooseheart Type 2 crew arrived on the fire and began to grid the green in search of additional spot fires. Critical needs for the fire include a type-1 or two type-2 hand crews, a type 2 helicopter, law enforcement personnel, and a fire investigator. One firefighter was treated on the scene for heat-related illness.
