Helicopter bucket operations were utilized to support line construction today. Gannet Glacier Crew and UAF Nanook Crew arrived for complex falling of hazard trees and in support of Type 2 Crews. Line construction is expected to be completed in Division Delta tonight or early tomorrow. Division Tango worked to increase mop up depth and hazard tree removal. Plans for next operational period include completing saw line and hose lay in Division Tango. Reinforcing containment lines and increase mop up depth to protect the community of Tetlin will be under operation. Use of bucket ships to mitigate holding concerns around the perimeter will also be utilized, as well as using the helicopters to support remote camps.
