Increased cloud cover and higher humidities reduced fire behavior a little more. The fire had thunderstorms in the vicinity later in the afternoon and evening. The concern today was lightning and outflow winds. A Red Flag Warning was issued for lightning activity level (LAL) of 4 until midnight. Sunday will be warmer and drier. The forecast challenge has been the rainfall amount.

For the next operational period, secure dozer line with handcrews on northerly portion of the fires edge securing the perimeter 25ft from the line. Continue scouting and direct line construction with hand crews through steep and challenging ground on easterly flank. Continue to secure the heel and western perimeter of the fire by improving and plumbing the dozer line.
