Chena IHC and the North Star Crew continue with point protection today on allotments near the perimeter. With moderate to gusty winds out of the southwest, the fire jumped the Zitziana river. Smokejumpers on the ground were sent with a boat and water pumps to suppress the small, smoldering fires burning in tundra. As winds are forecasted to stay out of the southwest, additional personnel may be repositioned at the northeast side of the fire.

These fires are currently in monitor status. Monitoring schedules are based on defined timeframes, but are dependent on available resources, and weather conditions. When monitoring occurs, information will be updated.
