Forestry's Helitack, Air Attack and an engine were dispatched to a small but spreading fire threatening cabins. They arrived on scene, tied in with Borough resources, ordered Pioneer Peak Hotshot crew to the scene, and contained the fire. Pioneer Peak completed operations, grided the fire and left it in monitor status. Prevention was ordered to do a follow up investigation regarding the cause of the fire.

AST reported a structure being burned and neighbors were concerned. Local FD and Prevention responded. On arrival, found a 30x40ft structure pit still smoldering. Fire had escaped into grass and brush. Local FD suppressed the structure pit. No heat or smokes were found in the wildlands. Resources departed scene. Approximately an hour and half later, AST reported trees torching. Two engines, helitak and local FD responded. Embers had spotted from the pit, igniting a pocket of trees. During suppression effort, a spot fire developed on the opposite side of the structure. Fire was contained and controlled at 2130.

These fires are currently in monitor status. Monitoring schedules are based on defined timeframes, but are dependent on available resources, and weather conditions. When monitoring occurs, information will be updated.

The fire was reported the previous night by Matcom (911) as a tree on fire. Butte Fire Dept. responded. Forestry responded in the morning with one engine. Forestry arrived to a smoldering fire in grass and leaf litter where the tree was cut and removed by Butte Fire. The fire was suppressed and called out.
