There were Isolated islands of fuel torching. Prolonged drought in south central Alaska will keep the primary carrier of fire spread dry. In Division A, crews will continue to construct and plumb line working south from H 55. In Division Z, crews will continue constructing line south from Gannett Spike and north from TCC Spike. Crews will look at the north half of both divisions. In Division L, crews are three miles down the lake on structure prep on the west side of the lake, and two miles down on the east. They will work to get three miles down on the east side. The acreage change is due to more accurate mapping.

South of the Sterling Highway, resources began securing the fire edges in an effort to prevent the fire spread towards Cooper Landing and Sterling, as well as reducing the threat of future highway closures and delays. Utilizing shuttle boats, crews began securing the fire edge south of the Kenai River. With the assistance of firefighters, Homer Electric is conducting assessments of damages to powerlines in the fire area. Emergency management agencies and fire resources are continuing to monitor the flood potential along the Kenai and Russian River due to the upstream glacial flood event. Fire operations and public safety plans will be altered as needed.

Predicted Weather: Easterly winds on Thursday will lighten this evening then shift out of the northwest by Friday afternoon with light breezes prevailing. This may aid in transporting the smoke plume back towards the south-southeast with some possible improvements to visibility for Friday. Winds will generally remain light and out of the west through the weekend. Temperatures and humidity look to hold steady and remain above seasonal averages. Only low chances for a stray shower are expected through the weekend with little to no wetting rains expected.

These fires are currently in monitor status. Monitoring schedules are based on defined timeframes, but are dependent on available resources, and weather conditions. When monitoring occurs, information will be updated.
