</tr>
</tbody>
</table>
Due to improved weather conditions, fire personnel were able to walk more than a mile of the fires edge and noted minimal fire activity. Smokejumpers spent the day mopping up and transporting backhaul to Venetie with Helicopter 405AE in preparation for demobilization tomorrow.

TCC T2IA crew finished containing the section of line on the south flank of the fire. Large amounts of equipment and supplies were backhauled from Venetie Staging in anticipation of the complete demobilization of the fire tomorrow.
These fires are currently in monitor status. Monitoring schedules are based on defined timeframes, but are dependent on available resources, and weather conditions. When monitoring occurs, information will be updated.
