Matcom toned out a wildland fire north of E Panoramic road in Palmer that had been started by a four-wheeler that had rolled over. One Forestry engine with UTVs and helitack responded to the scene. Helitack was unable to locate anything and returned to base. Firefighters on M-66 were able to tie in with the individual who rolled over the four-wheeler and lead them to the fire. Once on scene, the fire was sized up to be approximately 15 x 20 feet, smoldering in grass. A hose lay was quickly deployed around the fire and called contained and controlled.

These fires are currently in monitor status. Monitoring schedules are based on defined timeframes, but are dependent on available resources, and weather conditions. When monitoring occurs, information will be updated.
