Fire behavior remains minimal throughout the fire area. Peat bogs and interior pockets of fuel continue to smolder. All visible heat is located within the fire perimeter and poses no threat of escapement or spread under current and forecast conditions. Today's operations included a recon flight and continued repair on the 7 Lakes Trail. Resources continue to be demobilized. Tomorrow's plans include repair of 7 Lakes Trail and Marsh Lake ski trail and pulling two repeaters from the field.

These fires are currently in monitor status. Monitoring schedules are based on defined timeframes, but are dependent on available resources, and weather conditions. When monitoring occurs, information will be updated.
