

Automated Preparedness Level Tool

Versions

- 2019 – Maxed out too early
- 2020 – ROSS to IROC
- 2021 – Almost complete

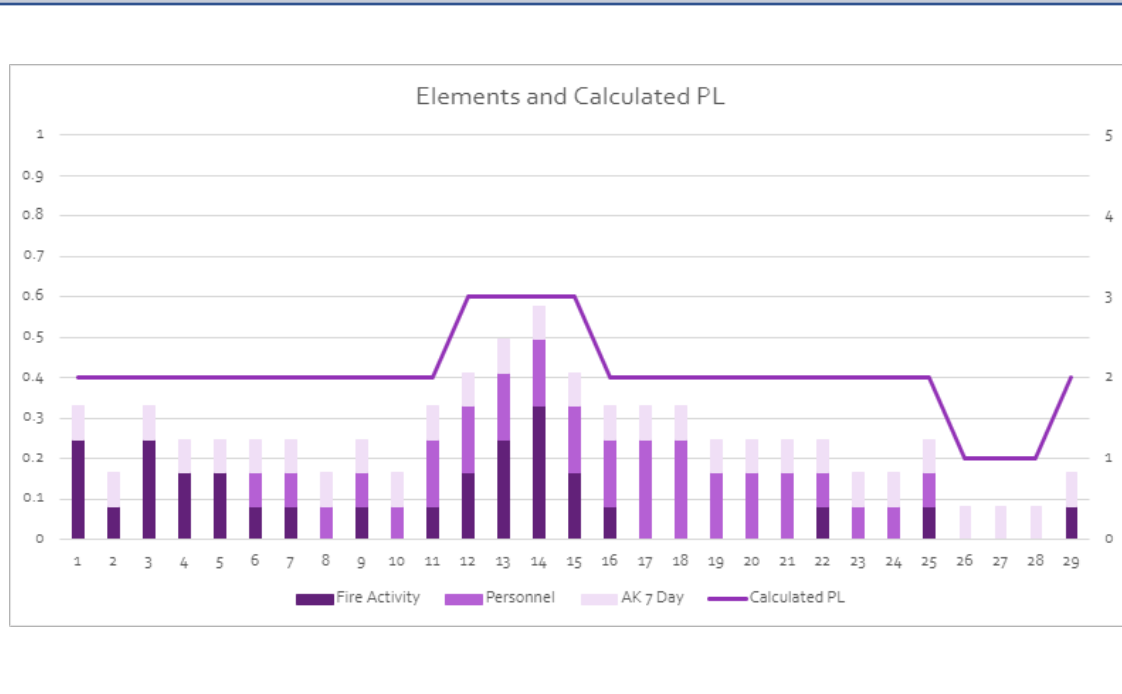

2021 Process

- Simplified the inputs
- Relearned statistics

Next Steps

- Assess all personnel
- Test 2019 Fuel data
- Produce 2-day forecast
- Draft Implementation –
May 1

Alaska Interagency Fire Danger Operating Plan

USFWS Tetlin NWR, 2003

April 2021

- Updates were mostly cosmetic
- Adding ASR – Spring Adjectives
- USFS CFFDRS Approval
- April 5 out for signature
