Tanker 3 from CES responded as well, they dropped a foldatank and filled it up, then departed scene. 63 layed hose from foldatank and suppressed the spotting on the outer edges to contain the fire. IC tried to get ahold of land owner with no success. There was heavy equipment on property and IC was able to get the son in-law to come out and operate the excavator. CES tanker and AK-43 rotated to fill up the foldatank to keep a steady supply of water to help with mop up.
