This Complex includes: 50,830 acres combined in the following fires.

297---Kobe Road
 289---Nenana River 2
 288---Nenana River
 285---Birch Creek
 257---Teklanika
 325---Shores Landing
 286---Bear Creek
 287---Rock Creek

With moderate temperatures and higher minimum RH's, smoldering and creeping were the dominate fire behavior across the complex. With higher winds expected over the weekend, smoke should clear out of the fire area, but wind will also make fuels more available. Resources continue to secure hot spots and the fire edge around structures and will be prepared to implement defensive actions if necessary. Evacuation status has changed to "Ready" for the Kobe AG and North Forties subdivisions along with the city of Anderson.

Fire behavior today was low with isolated pockets of Rank 1 and Rank 2 observed in unburned green islands and jackpots on the east flank at the toe of the slope. No new growth on the fire perimeter. Trees continue to come down across the burn area in earnest. Crews continue to improve control lines on the north side and east flank. Inadequate water sources and elevation gain have made for a challenging hose show. Terrain and water supply locations necessitate the need for a total of 9 pumps throughout the hose lay for adequate pressure and volume to support mop up operations.
